# MediaHub TL | Quick Start Installation Guide

Guest-facing multimedia connectivity panel plays ANY portable media device through the in-room TV.

Basic Installation Instructions

Step 1: Connect the HDMI cable to the port marked HDMI on the rear of the MediaHub, then connect the other end into the CEC-enabled TV.

Step 2: Connect the power supply cable to the rear of the MediaHub and connect the power supply into an available wall outlet.

A.   DC Power female (5.5mm)
B.   RJ45 female (Ethernet)
C.   RJ25 female (Serial RS232)
D.   HDMI female output with captive screw
